

# Educate ~ Support ~ Empower

## Maine Pediatric & Behavioral Health Partnership 2022 Learning Series

We invite you to join us in kicking off the 2022 Learning Series

February 9, 2022 from 7:30-8:30 am (EST) via zoom webinar

[Please click HERE to pre-register for this webinar!](#)

### Fetal Alcohol Spectrum Disorder (FASD) Diagnosis, Intervention & Prevention

Learning Objectives:

1. Participants will understand what FASD is, how prevalent it is and what level of alcohol exposure can cause FASD.
2. Participants will understand how to diagnose FASD and why a diagnosis is important.
3. Participants will understand the profile of damage caused by prenatal alcohol exposure and what types of interventions are recommended across the lifespan.

**Susan J. (Astley) Hemingway, Ph.D.**

Dr. Hemingway received her B.S. in Biology, her M.S. in Radiology and Physiology, and her Ph.D. in Epidemiology. She is a member of the American Association of Public Health and the Research Society on Alcoholism and is a Research Affiliate at the Center on Human Development and Disability at the University of Washington. Dr. Hemingway is the Director of the WA State Fetal Alcohol Syndrome Diagnostic & Prevention Network (FAS DPN).
